Lansing, Michigan
Friday, December 18, 2020
At 9:09 a.m.

- - -

(Public Hearing commenced via Zoom Video Conference pursuant to notice.)

MR. MacINTOSH: All right. Good morning.

My name is Weston MacIntosh, and I'm an analyst for the

Bureau of Professional Licensing in the Department of

Licensing and Regulatory Affairs, and I will be

conducting the hearing today.

This is a public hearing on proposed administrative rules entitled "Audiology - General Rules", "Landscape Architects - General Rules", and "Veterinary Medicine - General Rules". We are conducting the hearing as required by the Administrative Procedures Act to allow the public to comment on the proposed changes to these rule sets. As with all other public hearings on draft rule sets, the only items discussed during this hearing will be the proposed changes to the rule sets. This hearing will not be covering any questions or discussions on any other issues, such as reopening businesses, as this is not the proper platform.

We are calling this hearing to order at 9:10 a.m. on December 18, 2020, via Zoom, to follow

Penn Reporting, LLC - lori.penn@yahoo.com

measures designed to help prevent the spread of
Coronavirus Disease 2019 (COVID-19). The notice of
public hearing was published in three newspapers of
general circulation, the Grand Rapids Press and the Flint
Journal on December 1, 2020, the Mining Journal on
December 3, 2020, as well as the Michigan Register at
Issue No. 22, published on December 15, 2020.

All comments should relate directly to the proposed rules. If you have questions about the rules, you may place your comments on the record and the Department will review and consider them. If you have suggested changes to the proposed rules, please include the specific reasons why the changes would be in the public interest.

We will take comments in the following manner.

- For those using the Video Conference Portion,
  please use the "Raise Your Hand" feature in
  Zoom. I will call on individuals to speak and
  they will be unmuted at that time.
- For participants that are available only by telephone, we'll ask you if you wish to make a comment after the video participants have finished.
- If you have a comment but do not wish to speak,
   Penn Reporting, LLC lori.penn@yahoo.com

please note that the Department will also accept written statements emailed or postmarked to BPL-BoardSupport@Michigan.gov until 5:00 o'clock p.m. today.

Those making comments should clearly and slowly say and spell your name and advise if you are speaking on behalf of an organization. We will limit comments to three minutes per person. Please remember that only one person should speak at a time.

The Department staff from the Bureau of Professional Licensing includes me, Kerry Przybylo, and Dena Marks.

We will group the comments by rule set so that we can group the comments together.

The first rule set that we will take comments for is Audiology - General Rules. Is there anyone who wishes to speak on those rules? And again, if you're on Zoom, you can basically "Raise Your Hand" under the participants' tab, and also there is actually a reactions button that you can use as well.

Okay. And it looks like I see Victoria
Dinken. Do you want to unmute yourself, go ahead.

VICTORIA DINKEN: Hi. Good morning. I don't know if you can hear me.

MR. MacINTOSH: Yep.

Penn Reporting, LLC - lori.penn@yahoo.com

VICTORIA DINKEN: Okay, great. I apologize, I'm new to this, I hope my questions aren't ignorant.

MR. MacINTOSH: No worries.

VICTORIA DINKEN: Okay. I am an audiologist in Michigan, I always have been licensed in Michigan. I was just -- these are kind of minor concerns, but I was just curious. The first one is I was wondering why there was a sudden need to change the word "shall" in so many instances as, and also the word "pursuant" to -- sorry, got to look at my notes -- the word "pursuant" to "under" when referencing a regulation?

MR. MacINTOSH: You know, and actually that's not a silly question at all, I actually get it frequently. It really, what it boils down to is we have a legislative service bureau manual that has certain considerations that we have to take into -- we have to take into, certain things into consideration as far as drafting and the certain words that are preferred over others, and so that's really just a reflection of that. It's nothing substantive, just using preferred words out of that manual.

VICTORIA DINKEN: And again, not to sound arrogant, but to me it seems less of a formal legal language and more of a common language; is that the route Penn Reporting, LLC - lori.penn@yahoo.com

that the regulations are taking in general?

MR. MacINTOSH: Can you repeat that?

VICTORIA DINKEN: Oh, the reason for the word, I mean I didn't see those as being archaic, I did see them as being more formal; is that maybe the reason behind why they are changing the words? I understand your reason why you have to change them, but what was the founding reason for why they decided to change it?

MR. MacINTOSH: Just to follow the style manual, that's really -- at the end of the day, that's really the reason, so.

> VICTORIA DINKEN: Okay.

MR. MacINTOSH: And it goes through many different hands, too, and there's some, you know, particular preference for certain words, so that's all it boils down to. Nothing substantive, it's just those are preferred words, and certainly there's a difference of opinion on some of those, but stylistically, that's -those are some of the preferences.

VICTORIA DINKEN: I appreciate that knowledge. Okay. So here's the second question and last one for me. When we look at the CEUs, continuing education units, and they delineate what types are permitted and the maximum number of hours, I think this is written this way for uniformity, but, for instance, if Penn Reporting, LLC - lori.penn@yahoo.com

we're required in Michigan to have 20 hours of CEUs every two-year renewal period, why would in at least two instances here they say a maximum of 20 hours? To me, that would be confusing, especially to new audiologists perhaps or anybody wishing to join the field. I would have said something more along the lines of a maximum 20 hours are allowed for this activity, and I don't know if that makes a difference or if it's just uniformity? And again, kind of not real important question, but just a curiosity question.

MR. MacINTOSH: Yeah. Again, I don't think that's necessarily really a substantive question, it's just probably to match similar language, you know, across rule sets. Like I said, there's a 20-hour requirement and it's probably just more or less to inform, again, stylistic.

(Multiple speakers.)

COURT REPORTER: I'm sorry, you can only talk one at a time. I missed what you said, Weston.

MR. MacINTOSH: Yeah. What I said was it's not necessarily a substantive change or requirement, it's more of just, again, probably more of like a uniformity and stylistic.

VICTORIA DINKEN: Okay. I get that. And
I'm sorry, I do have one more question, I was looking at
Penn Reporting, LLC - lori.penn@yahoo.com

24

25

my notes. With respect, and I don't know if this is something you're able to answer or not, but with respect to the number (J) for continuing education, it mentions participation on a state or national committee board, council, or association (inaudible) the field of audiology, and that the committee, board, council, or association must enhance a participant's knowledge and understanding of audiology. I sit on a board which is now only listed in the Upper Peninsula, it's a diabetes board, this one is called Upper Peninsula Diabetes Outreach Network, I represent audiology and I represent a community service organization, and while they don't talk about audiology per se, my participation is twofold in the sense that I'm going to bring to them information how diabetes affects hearing, but also I'm able to learn about maybe some cures so that I can take it back to patients. And my question is, would my sitting on that board twice a year, generally it's three hours a meeting, apply for -- or qualify as that requirement, because they don't stipulate we're going to teach you about audiology? MR. MacINTOSH: It really wouldn't be

appropriate for me to determine which -- it's certainly not my place to determine whether, you know, your circumstances, you know, meet a particular rule requirement, it just wouldn't be appropriate for me to

Penn Reporting, LLC - lori.penn@yahoo.com

opine, you know, on your certain circumstances, so it's 1 not really appropriate for our forum. 2 3 VICTORIA DINKEN: Thank you. I wasn't 4 sure if that was. I realize I heard your qualification 5 the beginning of this meeting. That is all I have. Thank you very much. 6 7 MR. MacINTOSH: Thank you, Victoria. So we're still on the Audiology - General 8 9 Rules. Again, if you are -- if you're on Zoom, you can 10 "Raise Your Hand" in the participants' table or you can 11 hit the reactions button at the bottom of your screen; if 12 you're on the phone, although it doesn't look like anyone 13 is, you can hit \*6. 14 I'm not seeing anyone for Audiology, so 15 we'll next move on to the second rule set, which is 16 Landscape Architects - General Rules. Is there anyone 17 who wishes to speak on Landscape Architects? And you can 18 "Raise Your Hand" in the participants' tab or under the 19 reaction button. 20 MS. PRZYBYLO: Weston, this is Kerry. 21 Pam Blough has a comment. 22 MR. MacINTOSH: Okay. Pamela. 23 PAMELA BLOUGH: Yes. Thank you. 24 Pamela Blough, I just -- I am a landscape architect, I've 25 been an architect for, landscape architect for over 30 Penn Reporting, LLC - lori.penn@yahoo.com

years, and I just wanted to voice my support for these rule changes and thank the State of Michigan for helping us to move forward with our licensure in our profession. Thank you.

MR. MacINTOSH: I'm glad to hear that, Pamela. Thank you.

Any other participants who wish to speak on Landscape Architects? I'm not seeing anyone.

So let's go ahead and move on to the third rule set, which is Veterinary Medicine - General Rules. Is there anyone who wishes to speak on Veterinary Medicine? Again, you can "Raise Your Hand" in the participants' tab or hit the reactions button. I'm not seeing anyone.

So I think what we're going to do now is we're just going to take a short recess, wait maybe 15-20 minutes, see if there's anyone else who wishes to speak, and if not, then we'll sign off. So we're just going to go into recess, I'm going to mute myself and see if there's anyone who wishes to speak. If we don't have anyone else, 15-20 minutes from now we'll go ahead and sign off.

(At 9:21 a.m., there was a 15-minute recess.)

MR. MacINTOSH: Okay. Seeing that there are no further comments at this time, I hereby declare

Penn Reporting, LLC - lori.penn@yahoo.com

the hearing closed. The record will remain open until today at 5:00 o'clock p.m. for any other comments you may wish to share about the proposed rules. Thank you for attending. (At 9:35 a.m., the public hearing concluded.) Penn Reporting, LLC - lori.penn@yahoo.com
