R 247.161 Definitions.

Rule 1. (a) "Bridge" means a structure with a total clear span of at least 20 feet measured along the centerline of the roadway over a stream, watercourse, or opening. For a span bridge, this means that the clear opening span, measured face-to-face of

the inside of the abutments, is 20 feet or greater. Multi-unit culverts are considered bridges if the total length as measured along the centerline of the roadway is at least 20 feet and if the distance between the culvert units is less than half the diameter of the smallest unit.

(b) "Department" means the Michigan department of transportation.

(c) "Highway authority" means a county road commission, a city, or a village.

(d) "Local bridge advisory board" means the statewide board, as defined in 2004 PA 384, MCL 247.660.

(e) "Local bridge program" means a program established for reconstruction, replacement, rehabilitation, and preventative maintenance of bridges under the jurisdiction of counties, cities, and villages.

(f) "Multi-year plan" means a list of bridge projects expected and planned to be placed under contract in a multi-year period.

(g) "Regional bridge council" means the council representing one of the regions within the state. The councils and the regions are as defined in 2004 PA 384, MCL 247.660.

History: 2007 AACS.

R 247.162 Procedure; annual listing.

Rule 2. (1) The local bridge advisory board, in cooperation with the department, shall develop such procedural guides and processes as are required to administer the local bridge program.

(2) The regional bridge councils, in cooperation with the local bridge advisory board, shall develop a multi-year bridge plan for each of the regions in the state.

History: 2007 AACS.

R 247.163 Eligibility; priority.

Rule 3. (1) In the preparation of a list of bridge projects, the local bridge advisory board and the regional bridge councils shall take into account the following factors:

(a) Present and future importance of the bridge to the highway, road, or street network of which it is a part, and the importance of the highway, road, or street network to the area.

(b) Inadequate load carrying capacity calculated in accordance with methods prescribed by the department.

(c) Financial obligation and funding capacity of the highway authority in relation to its highway system and needs.

(2) In the determination of priority for funding, the local bridge advisory board and the regional bridge councils shall give priority to a bridge which has inadequate load carrying capacity and where the highway authority is severely limited in ability to improve the bridge through use of other funds.

History: 2007 AACS.

R 247.164 Letting of projects; performance of construction engineering.

Rule 4. (1) Local agency bridge projects, funded through the local bridge program, shall be let to contract by the department under the following conditions:

(a) The highway authority has secured department approval of plans, specifications, and estimated costs for the proposed work. The plans shall have been prepared by a qualified engineer registered to practice professional engineering in Michigan.

(b) The highway authority has adequate funds available, in addition to local bridge funds, to complete the bridge work.

(2) The department shall award and administer the construction contract unless the federal highway administration has otherwise authorized the contract to be let by the local agency.

(3) The construction engineering may be done by the engineering staff of the highway authority or by the engineer consultant retained by the highway authority.

(4) Funds from the local bridge program shall be used for participating construction costs. The costs of preliminary engineering, construction engineering, and right of way acquisition are not paid from the local bridge fund.

History: 2007 AACCS.

R 247.165 Design requirements for bridge projects.

Rule 5. Bridge reconstruction and replacement projects, shall be designed to meet the current American Association of State Highway and Transportation Official's (AASHTO) guidelines as included in "A Policy on Geometric Design of Highways and Streets, 5th Edition" which is available for viewing at the Michigan Department of Transportation, 425 W. Ottawa Street, Lansing, MI 48909 or may be ordered for \$120 (\$100 for AASHTO members) online at www.transportation.org, or by calling (800) 231-3475.

History: 2007 AACCS.

R 247.166 Open meetings.

Rule 6. (a) The local bridge advisory board and regional bridge council meetings shall be made public as required by the open meetings act, 1976 PA 267, MCL 15.261-MCL 15.275.
