

**DEPARTMENT OF NATURAL RESOURCES**

**LAW ENFORCEMENT DIVISION**

**PLACEMENT OF ORV LICENSE**

(By authority conferred on the department of natural resources by section 81132 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.81132)

**R 257.1691 Placement of ORV license.**

Rule 1. Before a vehicle requiring an off-road recreation vehicle license is operated, the owner shall ensure that the license for the off-road recreation vehicle is permanently attached to the vehicle and visibly displayed in the following manner:

(a) For a 2-wheel vehicle, the license must be attached as provided in either of the following:

(i) Centered on the exposed surface of the rear fender.

(ii) Located at a visible place facing forward on a front suspension fork.

(b) For a 3- or 4-wheel multitrack or multiwheeled vehicle, the license must be attached and visible on a flat metal surface, bumper, or plate permanently attached to the rear of the vehicle.

(c) For an amphibious machine, or for a ground effect air-cushioned vehicle, the license must be centered on the rear thereof.
