

MICHIGAN DEPARTMENT OF ENVIRONMENT, GREAT LAKES, AND ENERGY  
MATERIALS MANAGEMENT DIVISION

**NOTICE OF PUBLIC HEARING**

The Department of Environment, Great Lakes, and Energy (EGLE), Materials Management Division (MMD), will conduct a public hearing on proposed administrative rules promulgated pursuant to Part 111, Hazardous Waste Management, of Michigan's Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA). The rules are identified as Hazardous Waste Management, R 299.9101 *et seq.* These rules are necessary for EGLE to maintain its authorization from the U.S. Environmental Protection Agency to administer the state's Hazardous Waste Management Program (Program) in lieu of the federal Program under the Resource Conservation and Recovery Act of 1976, as amended; to improve rule clarity; and to reduce some of the regulatory burdens by providing flexible requirements. The federal revisions relate to the definition of solid waste, import/export, generator improvement, and e-manifest requirements. The rules also include state-initiated revisions regarding identification and listing, universal waste, reference updates, and typographical corrections.

The public hearing will be held on October 16, 2019, at 1:30 p.m., in the ConCon Conference Room, Constitution Hall, Atrium South, 525 West Allegan Street, Lansing, Michigan 48933.
