Lansing, Michigan

Tuesday, August 22, 2023 - 9:13 a.m.

MS. PLACE: Okay. Let's get started. So good morning. My name is Katherine Place. I am a Department Analyst for the Bureau of Construction Codes in the Department of Licensing and Regulatory Affairs, and I will be conducting the hearing today.

8 This is a public hearing on proposed 9 administrative rules entitled Carnival & Amusement Safety 10 Rule Set 2021-99LR. We are conducting this hearing under 11 the authority of the Administrative Procedures Act, Public 12 Act 306 of 1969 on behalf of the Department of Licensing and 13 Regulatory Affairs, Bureau of Construction Codes.

14 We are calling this hearing to order at 9:13 a.m. 15 on August 22nd, 2023, at the Michigan Library & Historical 16 Center, First Floor Forum, 702 West Kalamazoo Street, 17 Lansing, Michigan 48915. Publication of the notice of 18 public hearing was in the Morning Sun and Oakland Press on July 27th, 2023, and the Mining Journal on July 27th, 2023. 19 20 These papers are newspapers of general circulation. The 21 notices were also published in the Michigan Register, Issue 22 number 14-2023, on August 15th, 2023.

We are here today to receive comments on the proposed rules. If you wish to speak, please make sure you have signed in and indicated that you wish to speak. You

1 may use the cards provided for this purpose. If you would 2 like to speak and have not signed in, please do so now. For 3 those of you who do not wish to sign in with a card, you may 4 speak at the microphone once we have exhausted the cards 5 submitted to me.

6 If you have comments, please make sure they are 7 related directly to the proposed rules. If you have 8 questions about the rules, please include your questions as 9 part of the testimony for the Department's review. If you 10 have suggested changes to the proposed rules, please include 11 the specific reasons why the changes would be in the public 12 interest.

Please note, if you have already submitted comments to the Department in writing or by email, those comments will be considered in the same manner as the comments made during the public hearing today.

For those making comments today, please clearly state and spell your name for the record, and if you are speaking on behalf of an organization, please identify that organization as well.

If you have written comments, you may submit them directly to me. The Department will also accept written comments postmarked or emailed until 9/5/2023 at 5:00 p.m.

24To take a recess: "If there are no other persons25who wish to speak at this time, we will take a short

1 recess." 2 And the first person to speak would be Ryan 3 Strayhorn. 4 MR. STRAYHORN: Come down here? 5 MS. PLACE: Uh-huh (affirmative). 6 MR. WILLIAMSON: Sir? 7 MR. STRAYHORN: Yup. MR. WILLIAMSON: Let me check the microphone for 8 9 you. 10 MR. STRAYHORN: Sure. Haven't done any of these. 11 Are we allowed to ask questions with a response or not how it works? 12 13 MS. JONES: You can ask the question. We will 14 take anything you say under advisement and into 15 consideration. 16 MR. STRAYHORN: Okay. With no answers, though? 17 MS. JONES: Yes, sir. 18 MR. STRAYHORN: Okay. Just so I understand. 19 MS. JONES: At this hearing, yes. 20 MR. STRAYHORN: Okay. Cool. 21 STATEMENT 22 BY RYAN STRAYHORN: 23 MR. STRAYHORN: So I just had a few -- I had 24 questions, but I will address them as concerns for further 25 review moving forward. To be honest, I went through --

1 MS. JONES: Can you state your name, please? 2 MR. STRAYHORN: Oh, sorry. I apologize. 3 MS. JONES: As well as who your represent. Sorry. MR. STRAYHORN: Ryan Strayhorn. 4 5 MS. JONES: Yup. 6 MR. STRAYHORN: With ACP Entertainment. 7 MS. JONES: Thank you. 8 MR. STRAYHORN: I'll go through the rules, if 9 that's okay, along with the appropriate number that it's under -- rule number. Okay? The first one is Rule 3. A 10 11 lot of this, it looks like it's been boldened, which means 12 it was changed. Under Rule 3, the question comes into play 13 of what slides specifically are going to be or are currently 14 licensed and regulated by the State of Michigan. If it is a 15 fiberglass slide, like, it's, you know, 20, 30 feet tall or 16 100 feet long or if it's a slide on a fun house that doesn't 17 have any moving parts in it, it's not very clear, so I'd ask 18 for some more clarification in the Act -- or in the Rules, 19 rather, regarding that.

Also, things that are not regulated that I have come to question for many, many years; rock walls, mechanical bulls. As you may be aware, there was a severe injury two years ago in the east side of the state with a rock wall. One patron wasn't properly strapped in. Don't know the results of the findings of that because it's not

1 regulated by the state, but something to maybe consider,
2 with rock walls you're literally going up in the air 24 feet
3 and then dropping, hoping a machine catches you. I'm not
4 sure if that could fall in the Act or if it could be
5 amended, but a recommendation.

6 One of the things that I noticed that was changed 7 as well is that trains and similar devices that had 8 previously been approved on public transit systems no longer 9 have to be inspected. If I'm reading that incorrectly, please let me know. I don't necessarily understand that. 10 11 That's not my category. But as a -- and being in the 12 industry, I do want to bring it up, it's a potential 13 concern.

14 How I understand it is if you take a train that 15 used to run on the public rail and now is put on a private 16 rail for whatever reason of amusement purposes, that it 17 doesn't need to be inspected. The question becomes, what's 18 the difference between that and a roller coaster? Different 19 speeds, yes, but you're still working on tracks that need to 20 be of good shape, and the actual locomotive and the cars need to be of good shape, too. So something to consider. 21 22 It should probably continue to be regulated.

Trackless trains is another thing that is not regulated that, in my opinion, should. I have personally witnessed trackless train cars at events coming off of the

1	car connected in front of it. I know that it's on not a set
2	path, not a fixed path. But, again, it is an amusement
3	ride, and people could get hurt on them. Frankly, that goes
4	for a lot of things, but those are things that I personally
5	have expertise on.
б	Gravity ride, F, under Rule 3, makes we wonder if
7	a rock wall would fall under that category as something that
8	is inspected. So something to, again, take into
9	consideration with rock walls being inspected.
10	Let me see here. Rule 14 I know you guys can't
11	answer or won't answer, but water slides. Wondering why the
12	height of water slides was changed from 10 feet to 15 feet.
13	Not quite sure if what the exact reason behind that.
14	I feel like they should be, but, you know, something to
15	reconsider. I again, if there's some in the future if
16	there's some explanation that can be given based on these
17	rules, I would love to be included in that.
18	Routing sheets, this is Rule 15. Routing for
19	carnivals to plan their season out the whole year in advance
20	usually gets pretty much locked in. This is absolutely
21	feasible. My company, we are an event company that we book
22	events. We're still booking events through the rest of the
23	year. So this needs to be redefined a little bit so that
24	we're not breaking the law because we can't actually send in

25 an entire itinerary ahead of time because we don't have it.

Now, usually monthly we send in an updated 1 itinerary. But I'm not going to lie. We have events that 2 3 schedule two weeks in advance that -- you know, we try. We 4 try to, but it's not the number one thing we think about. 5 So if something could be rewritten in this so that way it 6 helps the rental operators like myself. There's not a ton 7 of us. There's probably just as many or just a few less 8 than carnival operators in the state, but something to 9 consider.

10 One concern I have -- this is Rule 16, the 11 operational training and emergency response training forms. 12 This also goes to the act that was implemented last year 13 that we weren't made aware of until later in the game 14 that -- and from how I understand it is the manufacturer 15 needs to give permission, written permission of some sort to 16 an operator that we are allowed to operate and train other 17 people on that ride.

18 A lot of times that's not possible because the 19 ride manufacturer's closed. It also may not be possible because the ride manufacturer may not be willing to do so. 20 21 The reason why they might not be willing to do so is, let's 22 say, I'm the third or fourth owner of this ride. The 23 manufacturer might have a change of ownership, change of 24 names, change of practices, change of procedures. How --25 why would they give us permission even though we have

learned through progression of people who have learned from
 the factory or whatnot. So I think that that needs a little
 more refinement.

4 Also, a form, if that's something that the state 5 wants us to get from the factory or the manufacturer of the 6 amusement ride, this is not something that is ASTM. To mv 7 knowledge, this is not something that is really done on the 8 federal level or widespread level. So the manufacturers 9 don't know what you're looking for as a state, but they also need to have some sort of a basis, something, a starting 10 11 ground.

So if it's something as easy as, "Hey, you know, fill out this form. And, oh, if the manufacturer isn't, you know, in business, check this. And how did you learn?," okay. But we need some more direction. I don't think that's available right now. I'm not sure if you can answer. I don't think so.

MS. JONES: The law is descriptive in what isbeing requested.

20 MR. STRAYHORN: Okay. But there's no form 21 currently?

22

MS. JONES: No.

23 MR. STRAYHORN: Okay. Cool. All right. If there 24 could be some sort of form because the way -- from how I 25 wrote it -- read it -- excuse me -- awhile back, it's not

1 descriptive enough and needs to be revisited. And that ties 2 it in with Rule number 16 here. I think this just kind of 3 expands more so on what that rule is. And maybe Greq and I 4 can talk about that in the future of how that's being 5 enforced or what's expected of us. 6 Rule number 31. 7 MR. WILLIAMSON: Excuse me, sir. 8 MR. STRAYHORN: Yup. 9 MR. WILLIAMSON: Due to the time delay, we keep our comments to, like, three minutes. If you have anything 10 11 you want to submit, you can actually submit the 12 documentation through email or else --13 MR. STRAYHORN: Sorry. That wasn't made clear to 14 me at all. 15 MR. WILLIAMSON: I know. Sorry. We didn't 16 communicate that. Sorry about that. 17 MR. STRAYHORN: So do I need to stop right now? 18 MR. WILLIAMSON: You have one more -- you have one 19 more minute left. 20 MR. STRAYHORN: One more minute? Okay. Let me see where we're at. Sorry. I did not know that. Decals do 21 22 not stick, do not work. They haven't for the last couple 23 If you could get new ones, that would be great. We vears. 24 have one remaining on our rides. One thing to reconsider is 25 why leveling and alignment was taken off. Rides should all

	PUBLIC HEARINGAugust 22, 2023Administrative Rules for Carnival and Amusement Safety13
1	be level. I don't know why that was taken out. That's
2	obviously a safety concern in my opinion.
3	If the ride is transferred or sold to another
4	owner, it says that you no longer have to get it inspected.
5	You should. What happens if the new owner, like myself if I
6	bought a new ride, doesn't know how to set up the ride, set
7	it up improperly and gets someone gets injured or the
8	ride is damaged.
9	And then there was one other rule that I was
10	really most concerned about is the personal injuries and
11	deaths reporting was rescinded. It looks like mechanical
12	failures and reports was not rescinded. I would like you
13	guys to reconsider that. It's a I don't see why it
14	shouldn't be in the law. So if there is an injury based on
15	a ride, I feel like the state should know for, you know,
16	public purposes.
17	I think that's my time. So thank you very much.
18	MS. JONES: Okay. And just so you're clear, Ryan,
19	please do feel free, if there was anything else that you
20	wanted to send in, you can send it in.
21	Do you have that email address where he could send
22	it in to?
23	We want to make sure that you we hear
24	everything that you want to say
25	MR. STRAYHORN: Yeah; yeah, and I

1	MS. JONES: in case you had to cut your time
2	short.
3	MR. STRAYHORN: I came to the meeting not really
4	knowing what
5	MS. JONES: That's okay. That is absolutely okay.
6	MR. STRAYHORN: So my apologies for that.
7	MS. JONES: No. We want to make sure we get it.
8	MS. PLACE: We can get it and then, yeah, I can
9	send it to him.
10	MS. JONES: Okay.
11	MR. STRAYHORN: Cool. Thank you.
12	MS. JONES: We'll send it to you.
13	MR. STRAYHORN: Appreciate it.
14	MS. JONES: Thank you, Ryan, for your input. So
15	that is the only card we have. Do we have anyone else who
16	would like to speak who is here?
17	MS. PLACE: Tony Eckrich?
18	MR. ECKRICH: Yeah. Some of the same stuff that
19	Ryan had.
20	STATEMENT
21	BY TONY ECKRICH:
22	MR. ECKRICH: Hi. My name is Tony Eckrich,
23	E-c-k-r-i-c-h. I'm with Full Throttle Adrenaline Park over
24	in the Detroit area. We've got two parks. And just kind of
25	follow along with Ryan. The accident report form vaporized.

Now we've got mechanical failure report which was just a
 little bit of a twist.

3 So, you know, as we look forward to keeping 4 everybody safe and all that, we all strive to do that in 5 every one of our facilities or entertainment venues. But that's something that I think is valid to have on there. б 7 But I also would ask Greg on -- you know, help us go-cart 8 operators. That's all I do, pretty much go-cart and VR, axe 9 throwing, which isn't regulated by the state. But how to best teach my staff, how to best teach Ryan's staff to fill 10 11 out the mechanical failure reports.

I used to work with -- I've been in this business 24 years, so that form that I had from 2000 changed a wee bit. And then the mechanical failure report was like, "Hey" -- I'm trying to teach my staff how to fill out the forms. And that's what I had to ask Greg on. "Hey, can you give us a couple methods on best practice just so I can teach my staff?"

Personal injury, obviously that's a concern for everybody, but we'll continue to do safe things and documentation on our side. But looking for just information as we all go forwards on mechanical failure reporting and processes so we can teach all the staff that we have in each facility. Thank you.

25

MS. JONES: Thank you.

	-
1	MS. PLACE: Okay. So if there's no further
2	comments at this time, I hereby declare the hearing closed.
3	The record will remain open until 5:00 p.m. today for any
4	other comments you wish to share about the proposed rules.
5	MR. STRAYHORN: May I ask a clarification on that?
б	MS. PLACE: Yeah, go ahead.
7	MR. STRAYHORN: Did you say September 5 was when
8	we had or until 5:00 p.m. today? In your opening statement,
9	I thought you said we had 'til 9-5 to submit. I may have
10	just misheard it.
11	MS. PLACE: Oh, written comments, yup, postmarked
12	or emailed by 9-5 by 5:00 p.m.
13	MR. STRAYHORN: So by September 5, 5:00 p.m., is
14	when we can submit written comments until; is that correct?
15	MS. PLACE: Correct.
16	MR. STRAYHORN: Okay. Thank you.
17	MS. JONES: And then if anybody does have any
18	comments they want to provide in a written format, Katherine
19	will get the email address for everybody to be able to do
20	that.
21	MS. PLACE: We're all set.
22	MR. STRAYHORN: Just one question. What prompted
23	all these changes? I had a quick conversation with Greg
24	that back when Snyder was in office they wanted to reduce
25	the overall quantity of forms. Is that kind of what

1 dominoed into this? 2 MS. JONES: So I'm kind of looking -- this is not 3 a question-and-answer forum. This is just a public hearing 4 of us taking your input. So at this time I don't think I 5 can really answer that question because of the forum we're 6 in. 7 MR. STRAYHORN: So when we walk outside? 8 MS. JONES: On record, I'm going to neither 9 confirm nor deny. But because we are in a public forum, unfortunately I cannot engage in the back and forth with the 10 11 question and answer. But if you were to want to send in an 12 email and ask any questions of the BCC Ski-Amusement email, 13 we can provide any answers that were available and possible. 14 Any other questions or comments? 15 MR. STRAYHORN: If any of you quys would be 16 willing to talk outside of the forum, I would appreciate it. 17 Non-hostile. Just pure curiosity. 18 MS. JONES: I do understand. I'm going to have to 19 look to my boss to that one, and then we'll have to say 20 that, you know, we definitely want to have your comments in 21 regarding the rules so that we can review those, look at 22 them, and take them under advisement in regard to the 23 current rules. If there are any operational questions, 24 you're always welcome to email the Ski-Amusement email 25 address, and we will get you answers back on those

1 operational type questions. 2 MR. STRAYHORN: Since we're here -- this is super 3 short and I drove a long ways -- by chance can you guys just 4 describe your positions and what you do? 5 MS. JONES: Sure. 6 MR. STRAYHORN: Because I know Greg briefly, but I 7 don't know anything else. Is that possible? 8 MS. JONES: I'm looking -- absolutely. So I am 9 Becky Jones. I am the manager of what is considered the specialty trade section inside of the Bureau of Construction 10 11 Codes. So my responsibility lies in managing the elevator, 12 ski, amusement, and boiler areas of the Bureau of 13 Construction Codes. 14 MR. STRAYHORN: Okay. 15 MS. JONES: I'm not an inspector. I've never been 16 in the field. I'm here more to support the staff, support 17 Greq. He does report directly to me, and then we are 18 focused on the safety and regulation within the state of 19 Michigan in those area in my section. 20 Do you want to go ahead? 21 MR. OHLEMACHER: I'm the Ski-Amusement Section 22 supervisor. So you've met me before. We -- you know, I'm 23 the guy that oversees the people who look you over. 24 MS. JONES: And you also do the work, too. I 25 mean, don't discount that.

1	MS. PLACE: I'm Katherine Place, and the Rules
2	Analyst for BBC.
3	MR. STRAYHORN: Okay. Thank you so much.
4	I appreciate it.
5	MS. JONES: Absolutely.
б	MS. PLACE: All right.
7	MS. JONES: Any other comments? All right. Over
8	to you, Kathy.
9	MS. PLACE: No? Okay. This meeting is adjourned.
10	Thanks again for everyone coming. It's 9:31, and we have
11	ended.
